Walt

I downloaded the presentation to my laptop which I'll connect to our projector tomorrow.

Michael and Jackie,

Attached is the PowerPoint presentation and Fact Sheet in advance of our presentation on October 28.

Would it be possible to download the presentation to your projection system at EPA?

If not, we can bring a flash drive with the presentation.

If you could send us a list of meeting participants early next week, it would be very helpful.

Thanks again for taking the time to listen to your presentation.

Walt A. Sanders

Michael,

Field Turf is putting a factual and science based presentation together and will probably get a PPT presentation to you sometime next week, if that is soon enough.

Please let us know if you need something sooner.

Please forward to me any presentation or other background material you would like participants to see so that I can attach them to the meeting invitation – especially for those calling in.

Thanks.

Walt

Our office is hosting an internal EPA-wide children's health summit toward the end of the week which is why I wanted to meet on Mon or Tue.

If you can only make it the ned of the week, perhaps you could meet with the other reps and I can check in with them later on.

Subject: New Time Proposed: Tire Crumb Safety

When: Tuesday, October 28, 2014 2:00 PM-3:00 PM (UTC-05:00) Eastern Time (US & Canada).

Where: EPA West Building, Room 1144C (down the hall from the Constitution Ave entrance

near 14th Street)

Michael,

Got a note from you that you set up the meeting on Tuesday October 28. Since we had requested a meeting on October 30, Mr. Ahern and Mr. Trout had booked their airline reservations to arrive on Wednesday, October 29 for a meeting on Thursday October 30. Would it be possible to move the meeting to any time during the day on Thursday?

Please let us know.
